Profile

I am a well-skilled Software Engineer with 2+ years of experience in ASP.NET MVC and .NET, with a solid foundation in web application development. With a passion for continuous learning, I stay abreast of the latest trends and technologies in the software development industry. Looking for growth and good job opportunities in my career utilizing my best skills.

Professional Experience

Software Engineer

2021/05 – present

Simplify Healthcare

Pune, India

I've been a software engineer for the last two-plus years on eBenefitSync Product maintenance and functionality upgradation. I have developed a strong knowledge of SQL Server, JS, jQuery, and ASP.NET MVC. I've also gotten better at debugging, module implementation, and analysis, and worked on different product modules to enhance stability, performance, and quality.
