PROFESSIONAL SUMMARY

- **4** years of relevant experience in .**NET and dotnet core** technologies.
- Good in **dotnet core, Azure, asp.net core MVC, web API, ADO.NET, Entity Framework, NET Framework 4.5+, JavaScript, jQuery, Ajax, Angular, and Sql Server.**
- Have good analytical and debugging skills for effective bug triage and fix.
- I am learning and implementing standard methodologies like SOLID principles and design patterns to improve coding standards.
- Good communication skills and the ability to work efficiently with quick learning and also working with new technologies to fulfill project needs.

PROFESSIONAL EXPERIENCE

1) **BizTranSights**
Worked as a Software Developer from 08 July 2024 till 18 April 2025.
1. Project Title: Heuro Health
    - **Technologies:** asp.net core, asp.net web API, Azure, SQL Server, Visual Studio, Git, Azure DevOps, Angular, Xamarin, Flutter.

Description:
    - Heuro Health is a healthcare technology company focused on revolutionizing patient care through artificial intelligence and data-driven solutions. Three interoperable web platforms support the mobile app/platform for patient use. The First three platforms are Heuro Engage, HeuroMD, and Heuro Wellness. All these three platforms are built on dotnet core technologies (web APIs, serverless functions for third-party integration), and for Frontend, the Angular framework is used. Mobile apps are built using Flutter and Xamarin.
    - As part of the dotnet development team worked on different modules endpoints, SPs creation, Web Job services update and management, serverless app hosting, and Azure services.

2) **Simplify Healthcare/ Ognam Technologies, Pune**
Worked as a Software Engineer in Simplify Healthcare/ Ognam Technologies from 11 May 2021 to 27 June 2024.
1. Project Title: eBenefitSync

    - **Technologies:** C#, .NET, Azure, Entity Framework, ADO.NET, Azure Message Queue, SQL Server

Description:
    - eBenefitSync is a software product developed and maintained by Simplify Healthcare. This product is created for companies in the US healthcare insurance payers. To reduce the manual efforts of maintaining the documentation and health plan data for individual or group customers.
    - I did many User Stories implementations. worked on different performance optimizations and code enhancements in the product. As maintenance work handled different code fixing for critical issues. Handled Important Technical discussions for the Data and environment migration activity.

2. Project Title: eMedicareSync

    - **Technologies:** C#, .NET Framework 4.8, Entity Framework, ADO.NET, SQL Server

Description:
    - eMedicareSync is an ASP.NET MVC-based web application platform whose main objective is to reduce the manual efforts of maintaining the documentation and health plan data for Individual or Group Customers.
    - While working on the project, I enhanced different full-stack sub-modules for template data file upload and download functionality. I also worked on various document generation logic (for Word and PDF) to handle important table generation and manipulation.

EDUCATION

Qualification	Passing Year	Board/ University	Percentage/CGPA
PG-DASSD	2021	CDAC Hyderabad	61.60%
B.E. (C.Tech.)	2016	Nagpur University	6.94

TECHNICAL SKILLS

- **Technology Skills:** C#, Azure, asp.net core mvc, .NET 4.5+, ADO.NET, Entity Framework, Podman, SQL Server, HTML, CSS, Ajax, Web API, JavaScript, jQuery, Azure DevOps, Visual Studio, SSMS, SQL Profiler.
- **Operating Systems:** Windows, Linux

PERSONAL INFORMATION

- Language: English, Hindi, Marathi
- Date of Birth: 07-07-1994
- Nationality: Indian

ACHIEVEMENTS

- Circle of Excellence P32H Team, Simplify Healthcare
- MTA: Software Development Fundamentals - Certified 2016 (F648-9471)
- Microsoft Certified Technology Specialist (B828-5932) - Valid through 28/Apr/2027
