PROFESSIONAL SUMMARY

Full-Stack .NET Developer with **4+ years of experience** building scalable web applications using **.NET Core, ASP.NET Core MVC, Web API, and Azure**. Proficient in front-end and back-end technologies including **JavaScript, SQL Server, and Entity Framework**. Adept at complex bug triage, code optimization, and applying **SOLID principles and design patterns** to maintain high coding standards. Strong communicator with a proven track record of quickly mastering new technologies to deliver project goals.

WORK EXPERIENCE

LanceSoft *(Client: Accenture)*
Senior Software Developer (Contractor) | *Nov 2025 – Jan 2026*

- *Tech Stack: .NET 8, ASP.NET Core, RESTful APIs, PostgreSQL, Azure DevOps, Swagger, Git*
- Built scalable RESTful Web APIs using ASP.NET Core (.NET 8) to drive core business module operations.
- Optimized PostgreSQL schema designs and database queries for efficient, high-speed data handling.
- Documented APIs with Swagger/OpenAPI to streamline integration, testing, and team collaboration.

BizTranSights
Software Developer | *July 2024 – April 2025*

- Tech Stack: .NET Core, Web APIs, Azure (WebJobs/Serverless), SQL Server, Angular, Flutter, Xamarin
- Engineered backend APIs and Azure WebJobs to power three interoperable healthcare web apps (*Heuro Engage, HeuroMD, Heuro Wellness*).
- Developed complex SQL Server Stored Procedures to handle heavy data transactions reliably.
- Integrated third-party services using Azure Serverless Functions and exposed clean endpoints for Angular and mobile frontends.

Simplify Healthcare / Ognam Technologies
Software Engineer | *May 2021 – June 2024*

- Tech Stack: C#, ASP.NET MVC, .NET Framework 4.8, Entity Framework, ADO.NET, Azure Queue, SQL Server
- Delivered core end-to-end user stories and performance optimizations for enterprise US healthcare insurance applications (*eBenefitSync* & *eMedicareSync*).
- Built background messaging flows with Azure Message Queue and optimized data access using Entity Framework and ADO.NET.
- Developed custom automated document-generation logic in C# to generate dynamic Word and PDF health-plan reports.
- Resolved critical production issues, tuned slow SQL Server queries, and contributed to technical data migration planning.

EDUCATION

- **Post Graduate Diploma in Advanced Software Development (PG-DASSD)** | CDAC Hyderabad (2021) — *Grade B (61.60%)*
- **Bachelor of Engineering in Computer Technology (B.E. C.Tech.)** | Nagpur University (2016) — *6.94 CGPA (61.90%)*

TECHNICAL SKILLS

- **Technology Skills: Spring** C#, Azure, asp.net core mvc, .NET 4.5+, ADO.NET, Entity Framework, Podman, SQL Server, HTML, CSS, Ajax, Web API, JavaScript, jQuery, Azure DevOps, Visual Studio, SSMS, SQL Profiler.
- **Operating Systems:** Windows, Linux

PERSONAL INFORMATION

- Language : English, Marathi, Hindi
- Date of Birth : 07-07-1994
- Nationality : Indian
- Current Location : Lakhni, Bhandara, MH,(IN)(441804)

ACHIEVEMENTS & CERTIFICATIONS

- Circle of Excellence P32H Team, Simplify Healthcare
- MTA: Software Development Fundamentals - Certified 2016 (F648-9471)
